

BUILT ENVIRONMENT

DIPLOMA IN INTERIOR DESIGN

INSCAPE

COURSE INTRODUCTION

The Diploma in Interior Design prepares students for working in the interior design industry. The knowledge and skills students acquire emphasise fundamental interior design principles and their practical application. As a result, graduates are well-prepared to create beautiful and functional spaces and be successful within the interior design industry. Practical technical skills and focused knowledge are coupled with experiential learning and workplace experience.

COURSE OVERVIEW

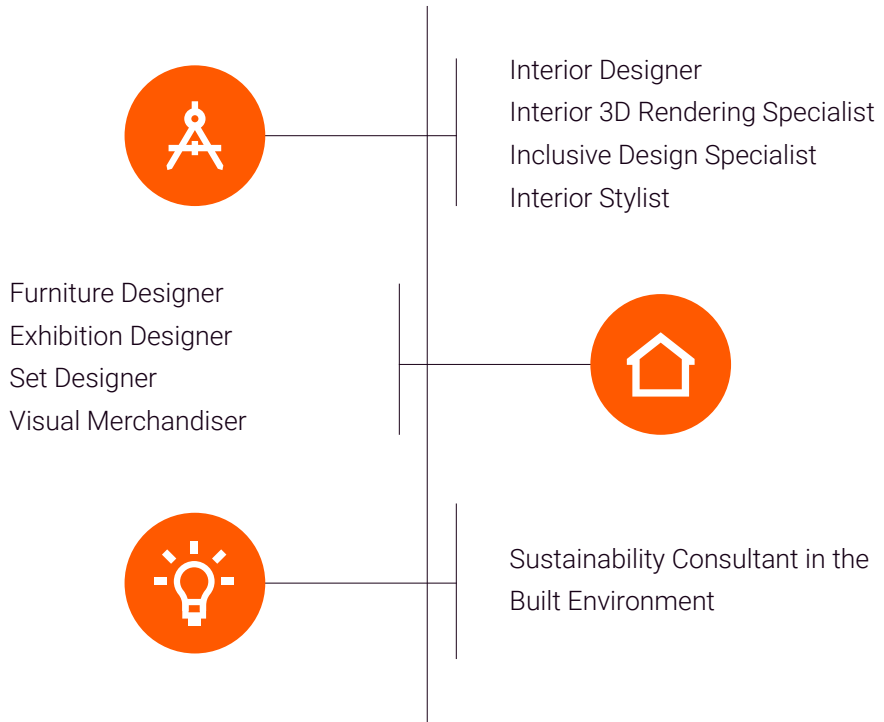

- **Understand the theory and practices of creating both desirable and functional spaces** for clients and work with technology to plan, design and implement their designs.
- **Integrate education on materials and services in the built environment**, construction methods and installation techniques to **develop solutions that are memorable, sustainable, ethical, and socially responsible**.
- **Develop a broad understanding of creative design techniques**, technical drawing, project management, business and regulations and an understanding of the teamwork required in interior design projects.
- Graduates **confidently showcase visually appealing design solutions while utilising cutting-edge industry software** for a diverse array of projects, such as corporate, residential, restaurant, installations, services, retail and specialised interior designs.
