

DIGITAL DESIGN AND TECHNOLOGY

DIPLOMA IN GRAPHIC DESIGN

INSCAPE

COURSE INTRODUCTION

The Diploma in Graphic Design is a course where students learn how to communicate ideas that inspire, inform, and captivate consumers. The Diploma in Graphic Design offers students the opportunity to gain a more practical approach to learning and is primarily professional, vocational, and specific to graphic design. Graduates possess the knowledge and skills needed for the thriving Graphic Design industry, which is experiencing high demand for professionals. Students acquire valuable and sought-after technical skills and focused knowledge coupled with experiential learning and workplace experiences.

COURSE OVERVIEW

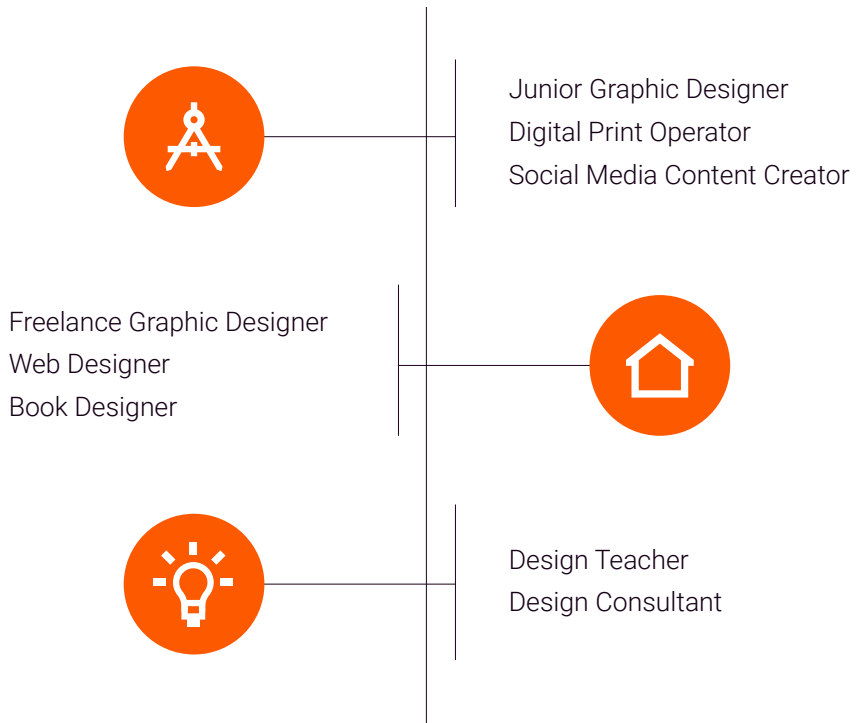

- Understand the theory and practices of planning and designing relevant and engaging visual communications solutions that meet client, audience and stakeholder needs.
- Learn to effectively use and manage relevant Graphic Design processes, tools and technologies to research, ideate and create visual content and solutions that are memorable, sustainable, ethical and socially responsible.
- In preparing designs for reproduction students engage software applications and manage reproduction processes for multiple media platforms.
- Graduates are prepared to confidently present visually engaging, contextually situated, sustainable and relevant design solutions.
- Develop attributes and skills to collaborate with fellow designers and industry professionals, work effectively in creative teams, speak the language of design, and confidently present design solutions as an integral part of the learning experience.

FOCUS AREAS

- Design Principles
